

Aleph Working Group, January 9, 2008

Hesburgh 222A, 10:30-12:00

Agenda:

Library Systems webservice clean-up (RobinMalott?)

- add login link for MALC users
- add link to Ex Libris [DocPortal](#)?

MALC Re-barcoding discussion (all)

- system-supplied barcodes may start with SS, BR, etc.; this counts for the discrepancy between total number of items and those with 00 or 08, etc. sequences;

LHR Export process (LisaStienbarger?)

- Notre Dame is going to export our local holdings out of Aleph and send this on to OCLC using a SUNY-documented process
- We received the contract back from General Counsel, and this can now be passed on to OCLC to get in the queue
- we confirmed through Collette Mak that there is no INCOLSA cost to us to do this
- we could possibly repeat this process for the other MALC college libraries, if there is interest, and this process works

Other issues (all)

- Pascal mentioned that ELUNA proposals need to be submitted by Jan.31, 2008; posters deadline is April.
