Aleph Working Group

September 2009 Meeting: 09/25/2009

Agenda:

- Aleph 18 to 20 upgrade schedule
  - Server status and install schedule (Tom)

- Discussion: General schedule (Aaron)
  - how much and what areas do we want to look at between install and Christmas?
  - If we start in October, when do we STP, May or wait until June?

- Discussion: Other activity during upgrade
  - Saint Mary's: interest in moving pub patterns from holdings to admin library
  - Bethel: implementing Acquisitions & Serials functionality (already in process)
  - Notre Dame: expanded EDI functionality in v. 19 and 20
  - Notre Dame: loading CRL records into Aleph for ND: separate bib base (ie. CRL01) or within NDU01?

- Aleph 19 feature review (all)
  - aleph-19-feature-set.pdf: Aleph 19 Feature set (brief)
  - aleph-19-release-notes.pdf: Aleph 19 Release notes (all modules; 121 pp.)

- Aleph 20 feature review (all)
  - Introducing_Aleph_Version_20.ppt: Introducing Aleph 20 (PPT)
  - aleph-20-release-notes.pdf: Aleph 20 release notes (all modules; 86 pp.)

- Next meeting: Could we switch to a Wednesday 10:00-11:30 am? This is best time for Sarah's schedule at Holy Cross
