

Writing Prompt #4  
Due 9/10

Please answer these questions **BEFORE** reading Chapter 4! There are no right or wrong answers, I just want you to explore what you know and what you think you know before reading the text.

1. What is your name?
2. How does evolution happen?
3. What examples can you provide of evolution in action?
4. Provide one example you have heard of from popular media sources of a mutation that leads to a positive consequence. And one with a negative consequence.
5. What are some common misconceptions about evolution?

AFTER READING

1. What are 2 questions that you have?
2. Did reading this chapter clear up any misconceptions you may have had about evolution?
