

Writing Prompt #13  
Due 11/26

On Sakai, there is a folder entitled November 26 Readings – Anthropology & Racism. This contains 6 files. This is the order you should read them in:

1. Athreya & Ackermann 2018
2. Marks 2017
3. Dressler et al. 2005
4. Reardon & TallBear 2017
5. Rushton & Templar 2012
6. Osborne et al. 2014

Pre-Reading Questions

1. What is your name?
2. Do you think race/ethnicity should be used/taken into account when formulating medical treatment plans? In what ways can you imagine it being taken into account and why
3. How do you think racism impacts health and well-being?
4. How do you think concepts of race of (mis)informed our thoughts on human evolution?
5. Do you think anthropology is/can be racist? How so? Please provide an example.

Post-Reading Questions

1. After reading, do you think race/ethnicity should be used/taken into account when formulating medical treatment plans? Why or why not?
2. After reading, how do you think concepts of race of (mis)informed our thoughts on human evolution?
3. For **each article** please write 2 comments and 2 questions so you are prepared for class discussion.
