

ChatGP-Obesity

Due:9/14/2023

Goals:

- 1) Familiarize yourself with ChatGPT technology: how to use it, how to use it well, and how to fact check it.
- 2) Use ChatGPT to generate an essay on the causes of obesity, and then to fact check the AI produced essay for accuracy.

Why: As much as professors and others may want to deny it, AI is here to stay. Rather than forbid its use, I think it is important for you to learn the strengths and weaknesses of such a tool and how to document the ways in which you have used it.

Format: A Word, Google Doc, or pdf document

Teamwork Statement: you can work in **pairs**, but you must tell me before hand by filling out [THIS GOOGLE SHEET](#). Be sure to use the right tab!

What You Need to Turn In:

- 1) One Document (uploaded to [THIS FOLDER](#)) that contains your name(s) and headers for the following components
 - a. ChatGPT essay on the causes of obesity ~1500words.
 - i. I am giving you latitude on what direction you want to take with this – broad scoping causes or perhaps focusing on one particular cause
 - b. Documentation of your ChatGPT prompts
 - i. Document your initial prompt
 - ii. Document every subsequent prompt and why you made the changes you did
 - c. Assessment of the ChatGPT
 - i. Once you have the essay you generated, you need to assess its accuracy.
 - ii. Using the readings and discussions from class as well as additional research you conduct, determine how successful the ChatGPT essay is. Did it get things right and which things? Did it get things wrong and which things? What do you think produced inaccuracies in the AI generated essay?
 - iii. Be sure to cite the sources you used for fact checking.
 - iv. What did you learn about using ChatGPT – what are its strengths and weaknesses?
- 2) [Self-Assessment](#)

ChatGPT Resources

1. [ChatGPT](#) – you will need to sign up (if you haven't already). There is no need for you to use anything more than the free version of ChatGPT.
2. Basics of how to use ChatGPT
 - a. [Enterprise DNA](#)
 - b. [The Decoder](#)
3. Prompt Writing Tips
 - a. [Great AI Prompts](#)
 - b. [Search Engine Journal](#)
 - c. [ZD Net](#)
 - d. [Innovation Training](#)
