Frequently Asked Questions:

How do we maneuver once we're at Kylemore?

We don't have a car that is specifically for residents. If you want to go into town (Letterfrack is the closest), then you can take the bus from outside the front gates of Kylemore. It is highly dangerous to walk in the road, because the streets are very winding and narrow, it would take a while to get there, and cars move very quickly. There are no ubers out here, as it is very remote.
